

Lokesh Kumar V M

Senior Product Designer

+91 9677192082 | lokeshkumar1996feb@gmail.com | Bengaluru, India

[linkedin.com/in/lokeshkumarvm](https://www.linkedin.com/in/lokeshkumarvm) | www.lokeshdesign.com

Product designer with **7+ years of experience** taking AI and enterprise SaaS products from 0 to 1 and 1 to 10, from ambiguity to scale. Partners directly with founders and VP-level Product and Engineering stakeholders to set design direction, not just execute it. Drove \$1M ARR from zero, closed 9 enterprise deals, and built the design systems and design processes that teams scale on. M.Des in Interaction Design (HCI), from IDC IIT Bombay.

Experience

Senior Product Designer, @ Instabase, Bangalore **Apr 2025 – Present**

- Grew SuperApp, a **multiplayer AI collaboration** product, to **1,073 users (672 MAU, 427 WAU), 61% WAU/MAU** pre-launch by leading design end-to-end from concept to prototype working directly with founders.
- **Filed a US patent** application for innovative methods in **AI-driven collaborative content editing** (May 2026).
- **Unlocked 9 big enterprise deals**, lifted **revenue 42%** — by designing whole platform security suite (SSO, RBAC, and API authentication) that cleared enterprise security review.
- Owned design of **Analyze vertical** in AI based Intelligent document processing (IDP). **Driving a 25% increase in adoption** and usage.

Senior UX Designer, @ Infurnia Technologies, Bangalore **May 2024 – Mar 2025**

- Amplified company growth from 2 clients to **500+ clients, achieving zero to \$1 million ARR within 1.5 years by leading design strategies for the company**.
- Added a **new revenue stream worth 40% in total**, by designing the end-to-end **MES: Manufacturing & Execution System from scratch with in 2.5 months** for multiple personas across desktop and mobile.

Founding UX Designer, @ Infurnia Technologies, Bangalore **July 2022 – May 2024**

- Contributed as **the sole designer in a early fast-paced startup** designing **cloud based SaaS B2B 3D design Platform** for architecture & interior designers, has **5 different types of modeling** like Revit, Sketchup & CAD.
- **Established the product's design foundation** by revamping the entire look and feel from a developer-made UI within the **initial 3 months**. Boosted initial sales with test clients & **started generating revenue**.
- **Designed and spearheaded 6 complex products** including the Admin, Design, Investment, Billing Portals, Component Editor, 360 Panorama & VR Viewer. **Managing parallel design projects** across different platforms.
- **Advocate for design thinking and innovation** within the organization. **Developing and maintaining the design system**, reusable component system and enforcing design standards and best practices.
- **Conducted user research**, interviews and competitive analysis to gather user requirements. **Created wireframes, flows, prototypes and full mockups**. Led **usability testing** and **design QAs**.
- Fostered **cross-functional collaboration** across teams to ensure smooth alignment of design and engineering.

UX Design Intern, @ Nutanix.Inc, Bangalore (Remote) **May 2021 – July 2021**

- Maximized user engagement and **reduced initial client tickets by 30%**, in 'Flow Security Central' product by **Reimagining the first-time user experience and laying onboarding frameworks**

UX & Indie Game Design freelancer, @ LokyStudio, Chennai **July 2019 – May 2020**

- Published an **80-level game** on Play store with monetization strategy, achieving **1K+ downloads** and a **4.9 rating** by solo design, development. And delivered UX design for multiple freelance clients.

UX UI Design & Developer, @ LTI (L&T infotech), Chennai **June 2017 – June 2019**

- Achieved **78% CSAT** by leading the UX overhaul of a legacy reinsurance system into a modern web app (**owning FRDs, UI designs, and QA**), and **cut daily job failures by 85%** through directing production support.

Education

Indian Institute of Technology Bombay (IDC)

Masters in Design, in Interaction Design (HCI), | GPA 8.8 /10

June 2020 – June 2022

Skills

Research: Contextual Inquiry, User Interviews, Competitive Analysis, Usability Testing, User Journey Mapping, Empathy Mappings, Affinity Mapping, Card Sorting, Heuristic Evaluation, A/B Testing, Quantitative & Qualitative Research.

Design: UX design, User-Centered Design, Data-Driven Design, Design strategy, Systems thinking, Wireframing, Prototyping, Generative prototyping, Mockups, End-to-End Design, Storytelling, Information Architecture, Data Visualization, Web & Mobile Design, Service Design, Visual Design, Game Design, Gamification, Accessibility, Micro-interaction, Interaction Design, Inclusive design, Content design, Cross-team influence, AI-augmentation, Designing with/for AI Systems. Rapid iteration, Design systems, Human-AI interaction, Agentic UX, AI-native product design.

Design tools: Figma, Fig Jam, Figma Make, Adobe Suite, Protopie, Illustrator, Procreate, Miro, Mixpanel, Hotjar, Amplitude, and GPTs, V0, loveable, Rive, Claude code, Claude design, Cursor.

Coding: HTML, CSS, JS, Unity, C#, Arduino, Unreal.

3D & Game: Spline, Blender, Maya, Auto CADD, Creo, Solidworks, Ansys, Sketchup, Unity, AR/VR, Unreal.

Achievements

US Patent applied For innovation in interaction of content editing in Multiplayer AI collaboration product SuperApp. **May 2026**

Paper Published In India HCI 2022, India: Touchting, A product to send touches over long distance.
Feb 2022 | dl.acm.org/doi/10.1145/3506469.3506478

Paper Published In Interactive Space & Surface 2022, Poland: Touch & explore, Experience in POV of visually challenged person.
Nov 2021 | dl.acm.org/doi/10.1145/3447932.3490522

Paper Published in IEEE-Virtual Reality 2021, Lisbon: Lowcost arm-based motion restriction device.
May 2021 | [doi/10.1109/VRW52623.2021.00198](https://doi.org/10.1109/VRW52623.2021.00198)

Published a Full-Fledged Game 'Lumi Go' In PlayStore: it has 1k+ downloads. 4.9 rating & generating revenue.
Dec 2019 | [Game Video](#)

Published journal International Journal of Trend in Research and Development Enhancement of Heat Transfer by Modifying Heat Exchanger Tubes. And **2 Best project award in UG Design & Fabrication of Milling & honing tool and 'Pseudo Skeleton Fatigue Reducer'** by Indian Institution of Production.
Mar 2017 | [e-ISSN Number : 2394-9333](#)

Responsibilities

Taught Interaction design course in Kerala State Institute of Design, as a guest professor **Mar 2025.**

Teaching Assistantship (2020 - 22): Assisted in various courses, project & design workshops of Prof Jayesh pillai.

Member of Immersive Media Experience Lab at IDC taking care of the lab and assisting in multiple projects.

Volunteering

Volunteer in India HCI 2021 India: Planning & designing the Gather platform for poster session of the conference.

Volunteer in IEEE-VR 2021 Lisbon: Planning interactions for attendees in international online conferences.

Volunteer in Interactive Space & Surface 2022 Poland: Planning and assisting in the online conference.
